✏ About

As an experienced Software Developer, my enthusiasm is centered around creating robust Web Applications that meet user requirements. Specializing in both Front-end and Back-end Technologies of Web Development, my skill set includes HTML, CSS, JavaScript, AJAX JS, Bootstrap for the Front-end, and PHP with MySQL for the Back-end. Currently, I am actively involved as a Laravel developer, and my proficiency extends to Django, HTML, CSS, JavaScript, jQuery, Bootstrap, and Python, reflecting a comprehensive and professional approach to my work.

💼 Work Experience

♡ Laravel Developer Intern
(Oct 2023 to Present)

As a Laravel Developer Intern at Perfskills Pvt. Ltd., my duties include: 1) PHP □Laravel) and MySQL development 2) Integrating back-end services 3) Technical documentation 4) Contributions throughout the development lifecycle.
